

**Janissen Electrics is a business that specialises in *designing, installing, maintaining and repairing a range of electrical and communications systems.***

**Janissen Electrics** is dedicated to understanding our customer's needs and delivering a quality service that meets their expectations and contract specifications.

**Janissen Electrics** will always comply with relevant legislative requirements and industry codes.

The Company embraces best practice to ensure a quality service while operating in a safe workplace with minimal impact on the environment. Specific company objectives and targets are planned and regularly reviewed.

Management is dedicated to the philosophy of continual improvement. To support this philosophy **Janissen Electrics** has developed and implemented a HSEQ Management Manual addressing workplace safety environmental and quality issues.

The HSEQ Management Manual is embraced by management and employees alike. Induction training of new employees ensures they are trained in the System as they join the Company.

All employees are responsible for the quality of their own work but are supported by Supervisors and documented procedures, where required.

Management fully endorses this Quality Policy and the HSEQ Management Manual that has been implemented.
